

Follow the steps below to make your own snow globes!
This is a beginner-friendly activity for ages 5 and above.

Supplies:

- Polymer clay + tools
- Plastic snow globe
- 1 tsp glycerin
- Iridescent glitter (1 tbsp.)
- *Water

Step 1: Making the Figurine

Use polymer clay to create a figurine(s) for the globe.

Bake at 200 degrees F for 6-10 minutes. Let cool.

Step 2: Prepare globe

Unscrew the globe.
Hot glue the bottom of the figurine to the bottom of the insert.

Add 1 tsp. of glycerin to the globe.

Add at least ½ tsp. glitter to the globe.

Step 3: Decoration

Fill the globe nearly full of water.
Place the figurine insert into the globe. Screw on the lid.

Lightly shake your globe
and enjoy!
