

Follow the steps below to make your own mosaic art canvas!  
This is a beginner-friendly activity for ages 8 and above.

### Supplies:

- Paper

- Canvas (8" x 8")
- Mod Podge/Glue + brush

### Step 1: Choosing the paper

Find paper with or without patterns.

Cut your paper into ~1" squares (or other shapes)

### Step 2: Gluing

Brush Mod Podge/glue over a small section of canvas.

Place paper squares onto that section (use popsicle stick to smooth out). Repeat step 2 until filled.
