Recycled Art Sculptures

Follow the steps below to make your own recycled art scuplture! This is a beginner-friend activity for ages 5-18.

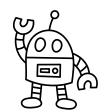

Supplies:

- Various recycled supplies: plastic, metal, string, household items, etc.
- Paint (optional)
- Scissors + marker + glue

Step 1: Plan ideas

Open your mystery box of supplies (you can swap later if you want)

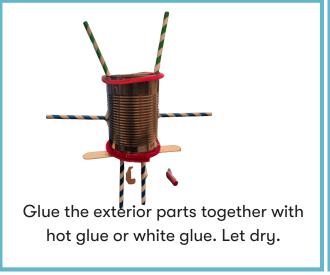

Plan out your ideas for a junk robot.

Assemble your supplies.

Step 2: Glue parts

Step 3: Final touches

Add final touches to the robot. Think of a face, color, decorations, etc.

Name it and share! Share at #cpplmakes
